

## Message from Head of School

### Dear Parents

As we approach the midpoint of Term 2 I wish to thank you for your continued support and commitment to our very special community. Our recent Parent Survey has provided some excellent feedback on our strengths and areas to consider for further development as the year progresses. Our ratings profile is exceptionally strong, but I really want to thank you for the detailed feedback which will help us to quality assure our holistic provision in a range of academic and enrichment areas as we move forward. I openly invite you to connect at any time to discuss matters of concern or interest.

How satisfied are you with your family's overall experience at SBS Bangkok?

Value for money?

How welcome & valued do you feel within the SBS Bangkok community?

To what extent would you recommend us to prospective families?

How satisfied are you with the school leadership?

We look forward to completing strategically planned enhancements to our campus as we continue through the year culminating in the formal opening of our Secondary Building in August 2026. Our students in Year 7-9 will experience outstanding learning facilities to include the introduction of an ICT and media learning space equipped with 26 iMac workstations to strengthen students' digital skills and further provide opportunities for project based learning. Our Primary learners will enjoy an upgrade to the Primary Playground (resurfacing & new play equipment), whilst all students will benefit from a new LED screen and sound system in our Sports Hall, digital signage across the school, and improved campus security at the Secondary entrance. I will update you regarding curriculum and pedagogical developments for the new academic year in Term 3. Please see more details regarding our campus developments [HERE](#)

As we look toward the 2026-27 academic year, our focus remains steadfast on providing a world-class educational experience that inspires and empowers every student. To maintain our high standard of provision we have made some necessary adjustments to our tuition structure. Please see the letter from the Board of Governors [HERE](#) and our Fee Structure for the Academic Year 2026-27 [HERE](#).

Details of the new fees can also be found on our website [HERE](#). We remain committed to ensuring that the provision of resources directly benefits your child's daily learning journey.

Our Term 2 reports are published this Friday. These reports are 'data only' and can be discussed at Parent Consultation Meetings the week beginning Monday 2nd March. The Booking Form for appointments will be sent to you after the half-term break. Year 7 and 8 students will again be responsible for booking parental appointments and will receive their physical copy of the booking form on Tuesday 24th February.

A reminder that we finish for the half-term holiday this Friday (Monday 16th - Friday 20th February) and the first day back is a Professional Training day for staff. The first day back to school for all students is therefore Tuesday 24th February.

Have a lovely holiday ahead.

With kind regards,  
Neil
