Message from Head of School

Parent Meetings

Dear Parents and Guardians,

Parent partnership is a collaborative relationship between families and educators, working together to support children's learning, holistic development, and a strong sense of belonging within a school community. A healthy relationship between home and school is built on trust, transparency, and open communication.

To stay meaningfully connected and to better serve, support, and empower our families at SBS Bangkok, we are pleased to offer a series of meetings beginning on Wednesday 4th November.

Wednesdays	8.30 – 9.15am	9.15 – 10.00am
Fridays	8.30 – 9.15am	

The meetings will be facilitated by our School Director, Dr Em, and can be held in Thai or English, as you prefer. Other members of our Senior Leadership Team can be available at your request. Mr Duke Theerathada, Chief Brand Strategist for the Arthit Ourairat Institution, or a member of his Brand team, will also join the meetings on behalf of the AOI group, so that your views are heard at group level and help shape how we continue to improve.
